

IN 630: METHODS OF PROFESSIONAL INQUIRY

This course is designed to prepare students to conduct scholarly research through a wide variety of resources. With an emphasis on options for K-12 educators, students will learn how to formulate a thesis and appropriately document supporting evidence through literature reviews and research methodologies. The course will prepare students to conduct either basic research, action research, or a scholarly educational project as part of their culminating Inquiry Research Project (ED632) for the MEd program. The successful completion of this IN630 course should provide a solid foundation for timely completion of the ED632 project.
