

OTH 813: TEACHING AND LEARNING 3

In this course students examine occupational therapy roles of academician, professional educator, and fieldwork educator. They review, critique, and apply theories of adult learning and principles of teaching and learning in order to develop a personal teaching philosophy. They apply this knowledge by providing an individual, formal presentation. Students explore development of academic occupational therapy curriculum and review education standards. To gain self-awareness, highlighted throughout the course, students complete self-assessments informed by reviewing their recorded presentation and peer feedback.
