

OTH 895: BUSINESS & LEADERSHIP IN OT

Students will participate in an interdisciplinary education experience with graduate students from various departments within the university. Students enrolled in OTH 895 will select one of the program approved courses offered through the Master of Health Administration (MHA) department. In addition to meeting the MHA course objectives, post-professional OTH students will apply and adapt course concepts (through assignments and/or relevant activities) and contemporary leadership styles and approaches to business and leadership in occupational therapy.

Credits: 3

Prerequisites:

OTH 870.
