

MHA 602: COMMUNITY, PUBLIC, POPULATION HLTH

This course will examine the role that population health, public health, health disparities, and community health play in designing programs and services, addressing reimbursement issues, and the importance of working across the continuum of care to identify solutions. The importance of data collection strategies and processes will be emphasized. Gain both a conceptual and operational understanding of population health, public health, community health and health disparities.

Credits: 3
