

BUAD 306: THE SUSTAINABLE ENTREPRENEUR

Students participate in feasibility studies and potential development of a new venture involving creation, planning, assessment, development, startup, and operation. Includes feasibility assessment, business-plan development, and start-up preparation. Case studies will be used to build the skills required.

Credits: 3

Prerequisites:

BUAD 200, 208, and 230 or instructor permission.

Department: [Business](#)
