

PTH 834: NEUROMUSCULAR MGMT 3 - ADULTS

This is the second of a two-part series about physical therapy management of adults with neurological conditions. Students will participate in didactic and laboratory experiences about neurologic pathology, clinical reasoning processes that guide the examination, evaluation, and treatment of adults with neurologic dysfunction. Current theory and practice of neuro-therapeutic exercise are applied to adults diagnosed with spinal cord injury, balance dysfunction, degenerative conditions and vestibular deficits. This includes assessment and treatment of seated postural dysfunction and wheeled mobility prescription.
