

## Management (Minor)

Calvin Chung, Coordinator

Management focuses on getting people together to accomplish desired goals. It includes the functions of planning, organizing, staffing, leading, and controlling. It also encompasses the deployment and use of human resources, financial resources, technological resources, and natural resources. At Mary Baldwin, we approach this discipline with an eye towards creating a sustainable business culture while giving students a well-rounded view of basic management principles. A minor in Management will give students from across the college community the tools to see the business world in an entirely new way.

**Department:** Business

**Type:** Minor

### Requirements for the Minor in Management

Undergraduate residential programs and MBU Online

**Note:** Students majoring in Business with an emphasis in sustainability and minoring in management need to select their courses carefully in order to avoid more than a two-course overlap between a major and minor.
