

NUR 828: ADV PRAC NURSE ADULT PRIMARY CARE I

Builds upon knowledge learned in advanced pathophysiology, advanced pharmacology, advanced health assessment, and clinical diagnostics to provide a foundation for students to assume an advanced practice nursing role in caring for adults across the lifespan within a family context. Students will synthesize prior learning in the assessment, diagnosis, and holistic management of common acute, chronic, and behavioral health conditions addressed in a primary care setting. Emphasis is placed on interprofessional collaboration, use of technology, patient advocacy, and the financial and ethical considerations of quality care.
