

BIOL 102: EXPLORATIONS IN LIFE SCIENCE (N)

This course for nonmajors will combine field and laboratory exploration with research in the literature to explore diverse topics in the life sciences. In this class, you will examine how the scientific process works while at the same time gaining the tools you need to ask your own questions in biology. We also will explore various elements of basic research competency, examining what it means to have scientific and information literacy.

Credits: 3

Department: [Biology](#)
