

NUR 883: NURSE ANESTHESIOLOGY PRACTICUM IV

This course is the fourth of the six practicum courses. The practicum course has an emphasis on patient safety, vigilance, evidence-based practice, infection control and providing culturally competent care. Clinical experience will correlate with advanced principles of anesthesia practice. The students will focus on specialty rotations in cardiac, neurology, pediatrics, and obstetrics. Students will be encouraged to make independent decisions regarding anesthesia management of assigned cases. The student practices in the clinical setting for a minimum of 600 hours.

Credits: 6

Prerequisites:

NUR 880

NUR 881

NUR 882
