

NUR 901: DNP SCHOLARLY PROJECT I

This course is the first in a series of four courses that will guide the students to translate the research into practice by critically appraising and applying available data and research to achieve a better understanding of clinical decision making. The students will use their practice to generate evidence that will serve as parameters in guiding improvements in practice and patient care outcomes. In this course the students will identify a nurse anesthesia practice-focused problem, formulate a scholarly project committee, develop a practice focused-question and integrative literature review.
