CS 401: CAPSTONE PROJECT

Students will work in groups to launch a web app prototype which meets the following requirements:
Uses Database concepts from the Computer Science Core, Data Structures, and Algorithms
Meets faculty approval
Students will pitch their product, select the necessary technologies, work in groups to build an application, and create a webpage from which the application can be accessed. Students will be evaluated based on whether their product meets the goals they initially established, and on their internal project management processes.
