

## ANTH 215: NATIVE PEOPLES & MUSEUM INTERPR (C)

This course is a variation of ANTH 212 that includes a civic engagement component. In addition to an ethnographic and historical survey of Native North America, we will actively apply course content at the Frontier Culture Museum of Virginia, particularly the museum's Native American (Late Woodlands) site, Ganatastwi. As a course which counts for Community Involvement (C) core curriculum credit, students will be expected to conduct 15 volunteer hours.

**Credits:** 3

**Department:** [Anthropology](#)
