

EXSS 287: CLINICAL EXPERIENCE I

This course provides students with the opportunity to gain practical exposure to routine and basic procedures associated with exercise science, kinesiology, and/or physical rehabilitation sciences. Students will complete directed observation and demonstrate fundamental or novice applications of their knowledge, skills, and abilities at an approved affiliate site under the supervision of MBU faculty and approved site supervisors. A minimum of 50 clock hours per credit hour is required. Enrollment is restricted to students with at least sophomore standing, requires students to maintain current CPR/AED/FA certification throughout the semester, and requires permission from the instructor. Students will consult with the course instructor to ensure all course requirements are met prior to enrollment.
