

NUR 808: COLLAB POPULATION HLTH & IMPROVING

Provides the foundations for understanding the complexities of the health care system and the role of inter-professional collaboration to improve patient outcomes. Focuses on theories and principles of communication, leadership, interprofessional collaboration, change management and systems thinking to improve outcomes. Examines the framework for health promotion, population health, health equity and the implementation of community-based interventions to empower community action. Includes a historical perspective of nursing and the evolution of advanced practice nursing.
