

OTH 890: OCCUPATIONAL THERAPY IN EDUCATION

Students will participate in an interdisciplinary education experience with graduate students from various departments within the university. Students enrolled in OTH 890 will select one of the program approved courses through the Master of Higher Education (MSHE) department. In addition to meeting the individual MSHE course objectives, post-professional OTH students will apply and adapt course concepts (through assignments and/or relevant activities) to occupational therapy in education. Prerequisite OTH870

Credits: 3

Department: [Occupational Therapy](#)
