

## OTH 950: PROJECT IMPLEMENTATION

Students implement their approved knowledge translation project during this course with the overall goal of advancing the body of knowledge within occupational therapy. Necessary modifications to the project design (from OTH 940) are also made by the student during this phase of project. Initial frameworks for project presentation and professional dissemination are also developed during the implementation phase.

**Credits:** 3

**Prerequisites:**

OTH 940.

**Department:** [Occupational Therapy](#)
